OUR POLICY We accept each measure as an opportunity for the good of Maysville as an active community, rather than as a passive one.

MORE DAYLIGHT AND SOLARIZATION We are now on "more daylight" schedule, as the result of moving our clocks ahead one hour.

It means millions of extra hours for home food production. It means millions of extra hours for health giving recreation to both, shop, deck and counter workers.

It means millions of extra hours for the playground children. It means millions of dollars saved in electric light and gas bills.

All these mean up to better citizenship, clearer thinking and addition to the savings of the workers. All these make a mighty wall against the current creeping into certain quarters.

He knows that he is a citizen of the best country on earth and he knows if he does his part it will continue to improve.

Former Secretary Madson is out for the League of Nations. William Gibbs would not be the man to cross his father-in-law.

ATTENTION TO COBERTS The following morning sheet is in the country all through this week.

DO YOU KNOW... That tractors will be on nearly every up-to-date farm in Mason County in less than five years?

DO YOU KNOW... That once you have bought a tractor, you will wonder, as you do about your automobile, how you ever did without one so long?

DO YOU KNOW... That we will sell TWO CARLOADS OF MOLINE FARM TRACTORS this season?

DO YOU KNOW... That more MOLINE FARM TRACTORS than any other kind will be sold in Mason County for the next five years?

DO YOU KNOW... "THERE'S A REASON" Call, see or write us for descriptive literature, or better, for a demonstration of the MOLINE TRACTOR.

DO YOU KNOW... MAKE US PROVE WHAT WE SAY. We can "Show" you. We want to "Show" you.
