WHO ARE THE BOOSTERS?
Every town has its boosters and its boosters no community is ever found without them.

It is a healthy respect and a profound admiration for the booster, but our opinion of the booster would be more sympathetic.

Why can't we all be boosters in this town? Why have you boosters at all?

Had that things a question to me and I who are the boosters in Maysville? Who are the men and women who always speak well of the people of this town, and their progressiveness with their own?

Would it be anything better than to have a town, taken by the whole population, with each citizen making these or the like resolutions to boost the town? And then we would be the boosters in this paper and hold them up to the public as just what they are—our most progressive citizens.

When you have a little paper that supports you all of its own accord and writes out the names of fifty citizens of Maysville, or even more, in your judgment are the greatest boosters for Maysville. It will give you an insight into the characters of many people, for it will expose to view their good qualities, and their progressiveness with their own.

You might tell your friends what job you desire and ask them to do the same, and then all of you would be boosters in this paper and hold them up to the public as just what they are—our most progressive citizens.

It would be a deserved recognition of the sterling qualities of the boosters of the fifty GREAT '15 boosters—and it might be worth their good points of handling for the new town and claiming to the booster spirit. It might even be worth their good points of handling for the new town and claiming to the booster spirit. It might even be worth their good points of handling for the new town and claiming to the booster spirit.

Who are our boosters, anyway? Who are our boosters, anyway? Who are our boosters, anyway?

A well cooked meal is a powerful aid to love.

THE PUBLIC LEDGER, WEDNESDAY

There seems to be a lack of team work among Progressives, also. Vice-Marshal, national chair, has just called for Europe after giving out a statement that there would be a full third party ticket in the field next year. The same day at 2:30 P.M., Matthew Hale, Democratic member of the House's committee gave out an interview saying that it is not decided yet whether the third party ticket will be a presidential candidate in the field next year, and mentioning that it would be decided whether the Republican platform and candidate appeared to the standards of Mayor Hale. Hale's interview was depressing and admitted that there are indications of Progressive disintegration. Whether Hale will have to get off the ticket is not yet known.

"Reference in judgment from the President of the United States ought not to be interpreted as criticism," said H. W. W. of New York, in a recent interview. The President himself does not so interpret it. He interprets it as treason. Vice his speech to the D. R. and to the Republican Club.

"I don't know if I can say anything more," said the man who was in the lead of the Progressive ticket in the election of 1912. "I don't know if I can say anything more."

Early Rising and Daylight Saving

There has been a great deal of talk about the early rising and daylight saving movement. It is a movement that is being pushed by a number of people who are interested in the welfare of the country. They believe that by rising earlier in the morning and by saving daylight, we can save a great deal of money and time. Good Suggestions

Now is the time of the year when people like to be given good suggestions for Christmas gifts. A nice suit or an overcoat is an ideal gift to a man. They appreciate them more than anything else you can give them.

We are exhibiting a nice line of silk shirts. Give the boys silk shirts and make them glad. Here are some suggestions we offer and you can save money buying them—SHIRTS, SOCKS, NECKTIES, CUFF LINKS, HANDKERCHIEFS, CAPS, HATS and SHOES. Be a SPUG. It is a better plan to give useful gifts.
